TO STRENGTHEN EUROPE'S CRITICAL RAW MATERIAL STRATEGY

Based on the experience and background of SCRREEN, the prolongation of the project SCRREEN2 will continue to develop and animate an Expert Network which will contribute to expert advice in support of decision-making at the EU level covering all the raw materials and their value chains screened in the CRMs assessment.

OBJECTIVES

- ➔ Improve EU official statistics and to further build the EU knowledge base of primary and secondary raw materials.
- ➔ Strengthen and develop an EU expert network and community covering all raw materials screened in 2020 the CRM assessment.
- ➔ Flexibly support the Commission in policy making related to CRMs in general or linked to specific applications or sectors; as well in relevant events organized by the Commission.
- ➔ Support the Commission in the analysis of the future supply and demand of raw materials, policy and technology gaps and innovation potential along the raw materials value chains.

The SCRREEN Network is operated by the H2020 SCRREEN2 Project

SCRREEN2 is coordinated by the French Alternative
Energies and Atomic Energy Commission (CEA).
